# MOT DE LA PRESIDENTE

Le Salon Daguerre a vingt ans. Si son anniversaire a été quelque peu bousculé par la situation sanitaire et a demandé quelques adaptations, il a tout de même pu se tenir et a rencontré un beau succès. Le jugement prévu au mois de mai a été décalé au mois de septembre, les trois juges choisis, les Français Sophie Belloni-Vitou et Denis Olivier, le Néerlandais Marcel Van Balken ont pu venir au Club et visionner les plus de 7000 images reçues pendant trois journées denses et studieuses. Nous les remercions chaleureusement de leur rigueur, leur disponibilité et leur enthousiasme.

Cette 13e édition du Salon nous a permis de recevoir 7 377 photos, soumises par plus de 600 photographes résidant dans 52 pays différents. Un véritable tour du monde encore plus appréciable en ces temps où les voyages lointains se font rares. C'était un plaisir de parcourir tant de lieux, d'ambiances, de lumières, de découvrir tant de situations et de regards différents.

1678 images ont été acceptées, toutes catégories confondues, soit un taux d'acceptation moyen de 22,7%. Les thèmes libre couleur et monochromes ont reçu respectivement 2169 et 1852 photographies. Les thèmes « De l'eau », « Perspectives », « Ambiance festive » ont réuni respectivement 1537, 941 et 878 photographies. Le meilleur auteur est Cihan Karaca, avec 12 images acceptées. Il vit en Turquie et gagne un prix de 250 euros. Le meilleur club est celui de Shangtuf Image and Art, un club chinois de la ville de Taihzou, province de Zhejiang, avec 291 images retenues. Il remporte un prix de 500 euros. Toutes nos félicitations à eux pour leurs excellents résultats et nos remerciements à tous pour avoir participé à ce Salon.

Mes remerciements vont aussi à l'équipe organisatrice, à nos commissaires Emmanuel Lore et Antoine Riand, nos maîtres de la technique et des courriels, Laurent Lombard et Marc-Emmanuel Coupvent des Graviers, notre plume, Anne Chiomento.

Vous nous connaissez en tant qu'organisateur du Salon Daguerre, ce catalogue est aussi l'occasion de vous présenter plus largement les activités du Photoclub Paris Val-de-Bièvre. Nous sommes un des Clubs les plus importants et dynamiques de France, avec plus de 250 adhérents, une quarantaine d'activités par mois, de nombreux partenariats, une trentaine d'animateurs bénévoles. Nous organisons aussi la Foire internationale de la photographie à Bièvres, le premier week-end de juin, avec ses marchés de l'occasion et des antiquités photographiques, du neuf et des services et des artistes, ses expositions, conférences et animations. # A FEW WORDS FROM OUR PRESIDENT

The Salon Daguerre is twenty years old. Although this anniversary edition was somewhat shaken up by the health situation and required some adaptations, the 2020 Salon was a great success. The judgment scheduled for May was postponed to September and the three judges (Sophie Belloni-Vitou and Denis Olivier from France and Marcel Van Balken from Holland) made the trip to the Club premises in Paris and reviewed the 7,000+ received images during three dense and studious days. We warmly thank them for their thoroughness, availability and enthusiasm.

Through this 13th edition of the Salon we received 7,377 photos, submitted by more than 600 photographers from 52 different countries. A true world tour that is even more enjoyable in these times when distant trips are rare. It was a pleasure to travel through so many places, atmospheres, lights, to discover so many different situations and perspectives.

A total of 1,678 images were accepted through all categories, for an average acceptance rate of 22.7%. The open color and monochrome themes received 2169 and 1852 photographs respectively. The themes "Water", "Perspectives", "Festive atmosphere" brought together 1537, 941 and 878 photographs respectively. The best author is Cihan Karaca, with 12 images accepted. He lives in Turkey and wins a prize of 250 euros. The best club is Shangtuf Image and Art, a Chinese club in Taihzou city, Zhejiang province, with 291 images selected. The Club wins a prize of 500 euros. Congratulations to all of them on their excellent results and our thanks to everyone for participating in this Show.

My thanks also go to the organizing team: our chairman Emmanuel Lore and Antoine Riand, our masters of technique and emails, Laurent Lombard and Marc-Emmanuel Coupvent des Graviers and our pen, Anne Chiomento.

You know us as the organizer of the Salon Daguerre, this catalog is also an opportunity to present the activities of the Paris Val-de-Bièvre Photoclub more widely. We are one of the most important and dynamic Clubs in France, with more than 250 members, approximately 40 activities per month, numerous partnerships and around 30 volunteer facilitators. We also organize the International Photography Fair in Bièvres, each first weekend of June, with marketplaces for second-hand equipment, antiques, new equipment, services and artists, with exhibitions, conferences and events. # Sophie Belloni-Vitou

La photographie est entre autres choses, un mode d'expression culturelle. Elle permet l'évasion du conformisme et me ramène à l'essentiel; une satisfaction désintéressée et libre, avec un regard contemplatif qui donne du sens, une vision plus complète, plus probante, que la réalité même. Une évidence binaire entre le réalisme et l'idéalisme, qui lui confère un réel pouvoir créatif dans un processus artistique. Architecte de formation, je perçois des similitudes entre l'Art de concevoir et la pratique de la photographie. Elles sont toutes deux une représentation, seule la dimension fait la différence.

Je m'attarde volontiers à tout photographier, de manière ludique, vécu comme une expérience émotionnelle particulière plutôt intuitive.

Présidente d'un club photo,  
Commissaire National pour la Fédération Photographique de France.  
Dernière exposition photographique en 2018 au Musée des arts à Constanta en Roumanie.

Distinctions:

- EFiAP Excellence Fédération Internationale d'art photographique
- EFPF Excellence Fédération Photographique de France

- 2018 Moscow International Foto Awards : médaille de bronze
- Plus récemment 2019 un premier prix à l'International Photography Awards (IPA) à New York pour une photographie d'Architecture et une mention honorable.

# Sophie Belloni-Vitou

Photography is, in particular, a mode of cultural expression. It allows to escape of conformism and brings me back to basics; a selfless and free satisfaction, with a contemplative view that gives meaning, a more complete, more convincing vision than reality itself. A binary evidence between realism and idealism, which gives it a real creative power in an artistic process. Having studied architecture, I perceive similarities between the Art of designing and the practice of photography. They are both a representation, only the dimension makes the difference.

I am willing to photograph everything, in a fun way, lived as a particular emotional experience rather intuitive.

President of a photo club,

National chairman for the Photographic Federation of France.

Last photographic exhibition in 2018 at the Museum of Arts in Constanta, Romania.

Distinctions:

- EFiAP Excellence International Federation of Photographic Art

- 2018 Moscow International Foto Awards: bronze medal
- More recently 2019 a first prize at the International Photography Awards (IPA) in New York for a photography of Architecture and an honorable mention.

# Denis Olivier

C'est depuis son enfance que Denis Olivier a été plongé dans le monde de l'art et de la photographie. Une enfance baignée d'une lumière rouge et marquée par le « parfum » des produits chimiques du laboratoire photo permanent utilisé par ses parents. Son entourage lui fait découvrir nombreuses expositions et techniques d'expression qui l'emmèneront d'abord vers le graphisme et la peinture. Après quelques détours scientifiques, c'est à l'école des Beaux-Arts de Poitiers qu'il trouve dans l'infographie, la programmation et les images de synthèse un nouveau et fascinant moyen d'expression.

C'est Alain Fleig qui va initier Denis Olivier à la photographie d'art mais aussi à la technique, notamment de laboratoire. Puis arrive une première exposition personnelle et un stage de formation avec Philippe Salaün, le développeur argentique de renom. Alors encore étudiant, les premiers travaux de commandes, articles de presse et expositions tombent. En 1995 il commence à travailler dans l'architecture puis la conception de sites Internet.

Il continue ensuite en faisant du graphisme et de la direction artistique pour différents projets digitaux. Puis revient à la photographie en 2005, en testant la prise de vue de paysages dans l'infra-rouge, découvrant dès lors les longues pauses.

L'apparition de la photographie numérique lui ouvre de nouveaux horizons en lui permettant de travailler plus rapidement et de laisser libre court à ses expériences, sans pour autant gaspiller trop de ressources.

Denis Olivier est fondateur de nombreux projets autour de l'Art, notamment la plateforme Art Limited hébergeant l'exposition et promotion de travaux d'artistes internationaux depuis 2006.

Né en 1969, à Royan, France,  
Vit actuellement à Bordeaux, France.

# Denis Olivier

My first encounter with photography took place when my parents performed some strange static dances with an object in front of their face. Later they would close themselves up in a special room under the house for long periods of time, and no one was allowed in. They diligently made sure that they were left to their own devices while inside. One day I was given permission to enter the room and allowed to stay, but on the condition that I didn't move or went out. I remember there was a unique chemical perfume and a red light.

I was bewildered: my parents appeared flashing a white light on a piece of paper using a strange apparatus. Then they dipped it into a clear liquid and Behold! I couldn't believe it, A miracle! They were wizards who created pictures.

In the following years I didn't really follow his experiments, I was too young to manipulate cameras and I prefered to draw. Photography, Architecture and Art was always present around us and I still remember the black and white exhibitions that we visited. When I was a teenager, I continued to draw and started to paint a little. I even took part in some local exhibitions. At the age of 17 I began to take some photographs, I was especially fascinated by mineralogical micro mounts. I started studying biochemistry, but after 3 years I changed to Poitiers school of fine-arts, and took an interest in computer graphics and generated imagery.

While I was there I meet Alain Fleig who introduced me to art photography. I also felt a need to practise photography, and with a friend we spent a lot of time learning how to develop films and photographs. We did sessions with models, scenery, and discovered France. The second year I had my first personal exhibition in a gallery, which was a great experience, then a training placement with Philippe Salaün, who was at this time Robert Doisneau's developer. Following this I did some jobs for organizations, shows and commissioned works. I then started in December 1995 working with computer graphics and made use of the Internet.

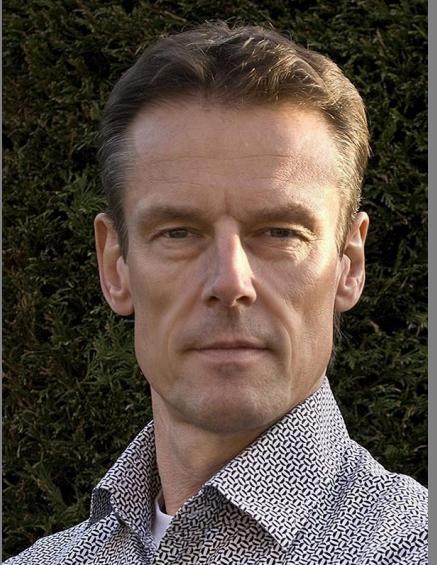

I worked in artistic direction for several years, then digital cameras came along and I found a way to work quickly and experiment without using too many resources such as film, chemicals, photo sensitive paper and of course the wonderful resource of water. I really came back to photography in 2005, testing landscape in infrared, that brings me into the world of long exposures.

Now I meet and exchange information with many photographers after the freedom Digital SLRs have given me to have exactly what I want with the different lenses and power features. I continue to produce some material and I'm involved and maintain collaborative projects such as Art Limited.

Born 1969, Royan, France,  
Currently live in Bordeaux, France.
